

## Sing Out Resources

### Teaching Notes: Sing, Sing, Sing Out!

#### Teaching the song

This song was put out as a [singing challenge](#) in the summer term and you can still access the videos of Janet teaching the song and Charlie teaching the moves.

We didn't get many children take up our challenge so we are still up for receiving video recordings of children singing the song – all of it or just part of it like the chorus.

#### More things to do

From Janet's sheet of [creative activities](#):

#### Get creative with words!

1. Can you replace these lines:

*Raise your hands up to the sky  
Singing makes you want to fly!*

...with another couple of rhyming lines that describe how good it can feel when you sing? For example, you could have:

*Dance your feet across the room  
Singing makes your heart go boom!*

2. Can you write another verse describing how singing makes you feel? Here's one of the song verses:

*Chipmunk giddy, party happy,  
Dancing like a disco ball,  
Gibbering monkey, chicken funky,  
Surfing on a guitar board!*

#### Get creative with pencils, crayons, paints or cut-outs!

Can you draw/paint a picture/make a collage to go with this part of the song?

*Let it rain in singing notes  
Bringing a rainbow of light  
Open the door to happiness  
And turn the whole world bright*

### **Find more songs about singing!**

This one is an old one by a brother and sister act called The Carpenters – it's got a children's choir singing along and I really like the message when it says:

*Don't worry that it's not good enough for anyone else to hear  
Just sing, sing a song!*
