

# KOMPOSIT

**Are you a Young Composer, aged 15-21 years old who would like to take part in an exciting online music composition project from June-September 2021?**

We are seeking five aspiring young composers (aged 15-21) from any music genre, jazz, song writers, contemporary music etc. You will be working remotely via digital platforms, with an ensemble of professional musicians in order to develop your piece and create new music.

The idea is that the music you create will be in direct response to a completely unique combination of the musicians and their particular instruments. Musicians come from differing musical backgrounds and skill sets in order to encourage thinking out of the box in terms of musical ideas.

This is about taking your ideas forward in a direction that you may not have thought of before and helping you broaden your musical horizons. You will be mentored and supported throughout the project. You do not need to be able to read or score music but you will need to be able to communicate your ideas.

Your complete composition will be digitally recorded and there will be an on-line performance at the end.

The project will be facilitated by musicians Jo Freya and Annie Whitehead. Our organisation patrons are Judith Weir (CBE), Annie Whitehead and Chris Woods.

To apply please supply a CV with contact details, experience of your composing and why this project appeals to you. Maximum one sheet of A4. Please also send an MP3 of one or more compositions created by you or a link to a digital music platform where one can be heard.

**Deadline for applications: Sunday 6th June 5pm**

**To apply or if you have any questions please email:
